

Prabin Ghimire

Web Developer

Belbari-04 , Morang • 9822924656 • Prabinghimire625@gmail.com

SUMMARY

Enthusiastic web developer with internship experience in full stack development. Proficient in JavaScript, React, Node.js, C#, and SQL/NoSQL databases. Passionate about building responsive, user-focused applications and continuously learning modern web technologies.

EXPERIENCE

Full Stack Developer

Itahari

Lunar IT Solution Pvt.Ltd

Jun, 2024 - Sep, 2024

- Built and maintained scalable full-stack web applications using React, Node.js, Express, and MongoDB.
- Led a team of five developers in delivering a major product feature that significantly enhanced user engagement.
- Designed and integrated scalable RESTful APIs, along with backend optimizations and caching strategies for smoother performance.
- Refactored and optimized database schemas and queries to support faster data retrieval and improved system stability.
- Participated in Agile sprints, collaborated with cross-functional teams, and managed version control with Git/GitHub.
- Contributed to code quality through testing practices, including unit and integration testing.

PROJECTS

TuneCasa

React | Node.js | MongoDB | Redux toolkit | Socket.IO

Sept 2024 – Apr 2025

Built a responsive music platform with audio playback, playlists, downloads, and event messaging. Integrated ads, subscriptions, realtime notifications, and detailed analytics for user and artist activity.

BookLibrary

React | C# | ASP.NET Core | PostgreSQL | Redux toolkit

Mar 2025 – Apr 2025

BookLibrary is a robust web platform for managing and exploring extensive book collections. It offers personalized user accounts with role-based access, enabling seamless addition, categorization, and browsing of books within an intuitive and user-friendly interface.

Clothes E-commerce

React | Node.js | MongoDB | Redux toolkit | TypeScript

Jul 2024 – Sept 2024

A scalable online shopping app with seamless product browsing, cart and checkout features, and an admin dashboard for inventory and order management. Built with a fully responsive UI using TypeScript for enhanced code quality.

EDUCATION

BSc (Hons) Computing

Itahari, Nepal

Itahari International College

Feb, 2023 - Jun, 2025

SKILLS

- Programming language : Javascript, C#, Java, Python
- Web development : HTML, CSS, React, Redux toolkit, Node.js, Express
- Database management : MYSQL, Oracle SQL, MongoDB, PostgreSQL
- Version Control: Git and github
- Soft skills : Problem-Solving, Communication, Time management, Teamwork
